Debbie please refer to David's email from 9/27. At this point it doesn't look likely since it seems that a Government Shutdown is inevitable and we don't know how long it will last and how our tasks will have to shift when we come back. In David's email, he gives a clearer sense of what to anticipate.

"October 10 CAG meeting: October 10 date has some challenges if you want a SKEO rep in person or on the phone to give a technical assistance presentation because: 1) a new technical directive (TD) which identifies a presentation date and scope of the presentation is needed and it is very unlikely that such a TD could be pushed through by EPA (Wanda and Headquarters) and in the hands of SKEO by the end of Monday, Sept. 30th. Fiscal year end and looming shut down make this highly unlikely. If no shut down on Tuesday, it is possible that Wanda and HQ can get a TD through in time, but it is tough. 2) if a government shutdown happens, it is possible it could carry into the week of October 7th and SKEO may not be authorized to work either, I don't have that answer; 3) keep the October meeting date without a technical presentation, plan for a SKEO presentation in November.

Revised CAG meeting date in October: 1) CAG leadership should consider the above, perhaps select an alternate date in October. Terri Boguski is available in person Oct 16 or 21. 2) CAG could select another date in October, October 17 to 24 where SKEO would have Hagai Nassau come in person, with Terri on the phone. Hagai was very involved in preparing the tables, will be used in future work as well from what I understand. Kirby is looking into his availability.

November CAG presentation: there may be some logic in having a SKEO-EPA-CAG leadership conference call later in October to plan and prioritize technical assistance support and have the presentation in November. Again, a new TD for the planning and coordination call with SKEO would have to be prepared."

Will keep you posted. We have an all hands meeting this afternoon at 2:15 and will know tonight if we are shutdown or not and if we are I will send you an official notice tomorrow morning (we have four hours to make notifications). Sorry but this is bigger than us!

Will the paperwork be through in time to get Hagai to the Oct 10 meeting?

Hi Doug and All,

You've outlined a good plan. Hagai is a key member of our Skeo team. Thank you.

Terrie
